CITY OF KINGSTON, N. Y., WEDNESDAY EVENING, MARCH 3, 1920.

PRICE THREE CENTS.

AUTOMOBILE SHOW MANAGERS WILL GAMBLE ON THE WEATHER

Decide to Stand Pat on Original Dates for the Show and Trust in Providence.—Electric Sign Shown, After Much Tribulation, Proves Satisfactory—Official Winker Is Elected—May Investigate One Brown's Cellar.

A proposition to postpone the Kingston Automobile Show for two weeks on account of the condition of the roads was rejected after a full discussion by the members of the Automobile Association at their meeting Tuesday evening at the Y. M. C. A., and it was decided to stand pat on the original date, March 25, 26 and 27. The date of Secretary of State Hugo's address was changed to Friday evening, March 26, and a committee is slithering for someone to make an address on the opening night, although the advertising committee promises an attraction for that evening that will fill the armory and eclipse any speaker that may possibly be procured. There is a deep, dark mystery about this attraction and the committee merely looks wise, or tries to, and says, "You'll see," when asked to explain. The music committee reported its troubles over the high cost of music and it was decided to "let it hang over another week."

A new "Careless America" film, not the one shown last year, will be shown in all three of the Hathaway theaters on the nights of the show. All automobile and accessory dealers were urged to join the Ulster County Automobile Club, although Harris Brown got no answer to his question whether they would get 2 per cent off for cash.

This seemed to conclude the business and the meeting was about to adjourn when someone remembered that Frank Brown had promised to produce a sample electric sign. Neither Mr. Brown nor the sign had appeared but a committee sent out on the trail found Mr. Brown happily engaged in shooting pool in the Business Men's Club, so absorbed that he had forgotten all about the meeting. He was taken in charge by another Brown, the one who sells spark plugs and such things, and sent after the sign.

While waiting John Millard produced his newest diagram of space allotments, a most artistically colored work of art that looked something like a parched board, and explained how by a process of geometry, permutation, procrastination and apportionment he had assigned the places.

Just as this diagram was being examined Mr. Brown appeared with the sample electric sign, but the cord was too short to attach to a socket in order to give a demonstration and he had to go back for more cord. By the time he returned with about 100 feet of cable Mr. Sutfill had dug up some cord in the Y. M. C. A. building and after a mighty struggle during which Mr. Sutfill would electrocute himself and few of the innocent bystanders, the light was turned on and the sign proved to be a success far beyond expectations.

Mr. Sutfill even discovered a way to make the sign work, working it by hand, and was at once unanimously and with great enthusiasm elected to the office of official sign winker during the period of the show. Of course it took fully an hour to admire the sign, put it through all its paces and consider changes and improvements. The signs are to be of uniform size and the great problem is how to have a sign big enough to hold "Hudson Super-Six," "Oldsmobile," etc., without having the sign itself be the well known make of car that has only four letters in its name either on the top or in the middle of a big expanse of glass or else be fashioned from letters so big that it will seem to be, as Mr. Millard says, "the only car really worth owning."

Who should have signs, how many to buy, what to put on the signs, for the necessary dealers (most of whom are Browns), whether to hang the signs on wires or put them on pedestals, and whether there ought to be a special sign for the trained seals, if the seals could be had and a place found for the subjects discussed exhaustively and exhaustingly. A most important revelation was the extent and variety of stock in the cellar of Brown, the tire man. Mention of many things that were or might be needed was greeted by Mr. Brown with "I've got some in my cellar you know," but it is probable a committee will be appointed to investigate the cellar in the hope of finding some bottles that are not empty.

A new program committee was named and the Trouble Committee, which is worthy of a whole chapter in itself, were told to get busy on certain cases. It was discovered that one of the cases was that of a member of the Trouble Committee.

ULSTER BANNER XMAS SEAL COUNTY

Chiefly Because of Limit Club Receipts Here Per Capita Led All Counties Outside Greater New York Says Brown—Full Accounting to Be Made Tonight.

Ulster county won first place over all other counties in New York state outside of Greater New York in per capita sale of Christmas seals in the recent Christmas Seal campaign of which Herbert Carl, Kingston, was county chairman. The total receipts in this county amounted 10.5 per capita, whereas the average for the rest of the state was 7.5 for each inhabitant.

This fact was stated today by Harvey Dee Brown, campaign director of the State Charities Aid Association, who is in Kingston today to attend a meeting of the Ulster County Tuberculosis Committee called by Hon. Joseph M. Fowler, president of the committee.

"The exceptional success of the Ulster county campaign," said Mr. Brown, "should be attributed largely to the 'Limit Club' formed by the Ulster county chairman and to the manifest interest of the citizens of the county in the prevention of tuberculosis. The fact that Ulster county exceeded its quota on the fourth day of the campaign was of great assistance in stimulating workers all over state to stronger efforts. The state campaign committee of which Governor Alfred E. Smith was chairman, gave wide publicity to the early over-subscription of the Ulster county with excellent results. The National Tuberculosis Association also passed the news on to other states for their encouragement. The 'Limit Club' idea will probably be widely adopted in future Christmas Seal campaigns in many states as there were inquiries in Chicago at the national conference of tuberculosis secretaries as to the details of the Ulster county plan."

At the meeting of the county committee tonight which is to be held at the residence of Dr. Mary Gage-Day, Kingston, full reports of the campaign will be made by Herbert Carl, county chairman, and C. Hume, treasurer, and plans for prevention work to be carried on in 1920 will be considered. Subscribers to the "Limit Club" who have not yet fully paid their contributions are asked to do so at once so that the program decided upon may be put into operation without delay. Checks should be mailed to C. Hume, treasurer, Ulster County Tuberculosis Committee, 150 Main street, Kingston.

STATE TAX OFFICE OPEN LONGER

The office of the collector of state income tax will be open Friday evening from 7 until 9 o'clock and will remain open all of Saturday afternoon and be open from 7 to 9 Saturday evening for the purpose of assisting tax payers in filling out their returns. No tax will be received. Beginning Monday the office will be open daily from 8 a. m. to 9 p. m. until March 15 for the filing of returns and the payment of taxes.

CITY TO FIGHT TROLLEY ROAD

Alderman Martin Tuesday evening at the common council session called attention to the fact that the directors and stockholders of the Kingston Consolidated Railroad Company had voted in favor of abandoning the Washington avenue line of the trolley road, and offered a resolution that Corporation Counsel W. J. Brinkley be requested to appear before the public service commission and oppose the plan. The resolution was adopted by Alderman Martin and adopted unanimously. Other matters taken up will be found elsewhere.

Valued, Not A Citizen. Although voting a straight Democratic ticket at Rhinebeck for the last twenty-six years, Frederick Weinman, who came from Hamburg, Germany over thirty years ago, has found that he is not a citizen of the United States. He applied for his first papers Tuesday in Poughkeepsie.

SMITH SUGGESTS REMEDIAL BILLS

Admits Loss of Battle Against H. C. of L. So Far and Wants Farms and Markets Under Single Head—Aims at Boarders, Grading of Farm Products and Quick Delivery of Perishables.

By Telegram to The Freeman. Albany, N. Y., March 3.—Admitting that efforts to reduce the high cost of living so far have proved unavailing, Governor Smith today suggested to the legislature bills which in his opinion will remedy the situation. He transmitted to the legislature the report of the reconstruction commission on food production and distribution.

His recommendations, the governor declared, "will avail very little until the agricultural, food and farming interests of the state are presided over by a single head with some fixed responsibility who will actively utilize the statutes to enforce the law to the limit of his power."

The governor's proposed laws are aimed at hoarding, at grading farm products, and a bill designed to minimize litigation concerning delivery of perishable food. This legislation is in line with suggestions contained in the report of the reconstruction commission, which also favors regulation and distribution of milk.

GRAND JURY HAS COMPETENT HEAD

In Thomas E. Benedict, who is foreman of the present grand jury in attendance at the supreme court session at the court house, that body has as its guide one of the best known citizens of Ulster county. Mr. Benedict, who was born in Warwick, Orange county, in 1839, has been a resident of Ulster county since 1863. He is an old-time newspaper man, having with his brother, G. H. Benedict, owned and edited the Ellenville Press for many years. Mr. Benedict represented the county in the state legislature for four successive years. He was deputy state comptroller under Comptroller Chapman and deputy secretary of the state. Albany Mr. Benedict formed a friendship with Grover Cleveland, then governor of the state, and in 1885 Mr. Cleveland, when president of the United States, appointed him public printer at Washington, D. C. In 1894 Mr. Benedict was re-appointed to the same position after President Cleveland's second election. Notwithstanding Mr. Benedict is an octogenarian he is as chipper as the average man of sixty, a man who keeps abreast of the times with a mind as keen as ever.

FINLEY CALLS ON School Teachers to Aid Thrift Stamp Movement.

Dr. John H. Finley, commissioner of education of the state of New York in a statement Monday endorsed Thrift Stamp Week (March 1-6), and called on all superintendents, principals and teachers to help make the movement a success.

The Thrift Stamp Week movement which is under the direction of the United States treasury department, has for its aim the implanting of the spirit of economy in the minds of the youth of the nation and to teach them to save through the regular purchase of twenty-five cent Thrift Stamps. Commissioner Finley's statement addressed to superintendents, principals and teachers, reads as follows: "While I am fully aware that our time and attention are necessarily taken up with routine work, I consider it important to again call your attention to the efforts that are being made to cultivate habits of Thrift in the National Thrift and Savings movement. Our thinking citizenship should realize that the Thrift movement has only just begun."

"The government has designated the week of March 1 to 6 in which to emphasize the idea of thrift and cultivate the habit of saving through the agency of the Thrift Stamp, and I heartily recommend your energetic co-operation in carrying out the government plan."

"The issue of government security in so small a denomination is a unique and valuable development in our country, and both children and parents should recognize it as an educational factor of far-reaching consequences."

At the Theaters. Kennedy's "Eastward Ho," a well-known western photo play, with William Russell, Alva Garrison, Matt and Jeff and Literary Digest.

Auditorium—Crawford's "Stripped of a Million." Also Charlie Chaplin comedy.

Opera House—Charlie Chaplin and "A Burlesque on Carmen." Big variety and screen attraction. Tomorrow, "The Birth of a Nation." Monday matinee and evening, "Carmen and Beyond," a really unusual combination of love and comedy.

O'Neil Leads Big Contest. The O'Neil Dredging Company of this city has been awarded a \$100,000 dredging contract to dredge a inlet in Jamaica Bay, Long Island, by the Jamaica Development Company. It will begin work the first of May.

WET LANDSLIDE IN VERMONT

By Telegram to The Freeman. Burlington, Vt., March 3.—Returns today showed that annual elections throughout Vermont resulted in the greatest landslide for saloon licenses in the history of the state. It is estimated that 200 of the 247 cities and towns in Vermont went wet. In Washington county, supposedly a stronghold of prohibition, more than one-half of the towns were wet.

AND NOW RENTS HAVE ADVANCED

The fact that Kingston's tax rate this year will total nearly \$45 per thousand valuation, the highest in its history, has not meant much to those who were not paying taxes, and for that reason those who rent instead of owning their own homes felt no particular alarm. Renters today, however, are finding that they are deeply interested in the tax rate for since the first of the month they have been receiving word from their landlords that the rent would be from \$2 to \$10 a month more. From what could be learned rents have advanced all over town, and the reason for the advance are laid to the high tax rate in the first place, and secondly to the fact that to have any repairs made costs considerable more this year for labor and materials.

HILLQUIT SUMS SOCIALIST DEFENSE

By Telegram to The Freeman. Albany, N. Y., March 3.—After seven weeks of inquiry into the charges that five Socialist assemblymen are not eligible to sit in the lower house of the state legislature, principally because of an alleged obstructionist war record as legislators, the investigation entered its last lap today when Morris Hillquit began to take up most of the afternoon. State's counsel will then be given opportunity to marshal the evidence on which they will demand that the assembly judiciary committee report for the expulsion of the Socialists to the assembly proper.

Both sides will be given opportunity for rebuttal and the case will then go to the judiciary committee for deliberation. It is expected the committee will report either the latter part of next week or early in the week following.

Part of this morning's session was taken up by introduction of further testimony to complete both sides' evidence. The state endeavored once more to link Socialists in this country up with the Moscow International by reading into the records an article published in the Newark Call, which stated, in substance, that the Independent Socialist Democratic party of Germany expressed gratification with the action taken at the Chicago emergency Socialist convention last September "on the formation of a new international in the United States" and inviting Socialists of this country to send representatives to the German Socialists convention, held at Leipzig.

Clearwater on Socialism.

The National Republican Club announces that Judge Clearwater has accepted its invitation to luncheon at its club house in New York on Saturday of this week, and will then deliver an address upon "Socialism and Social Unrest in the United States." The speeches of the judge in the New York state constitutional convention of 1915 denouncing the advance of socialism and his satirical comments upon "Those amiable optimists who believe that God will take care of the people of the United States, and who condescendingly leave the whole job to Him," has been reprinted in many newspapers in different states during the last year.

Devotion at Holy Cross.

Tomorrow being the first Thursday in March the regular First Thursday Devotion will take place. The day will begin with a corporate communion of the Women's Auxiliary, at 8:30 a. m. The intercessions for the day follow: different parishioners taking turns. Thursday evening at 8 o'clock the special Lenten service, consisting of Lenten and sermon, will take place. Father Mahony is preaching a series of sermons on the Kingdom of Heaven on these occasions. His subject tomorrow night will be "The Mixed Garden." The special Lenten service for children will be held on Thursday at 5 o'clock.

Bank Call For February 28.

By Telegram to The Freeman. Washington, March 3.—The comptroller of the currency today issued a call for the condition of national banks as of close of business February 28.

Club Service Room.

A civil service examination for the position of clerk-cum-usher in the Kingston office will be held at the central post office March 27 at 9 a. m. Information may be had from H. G. LeRoy at the post office.

HUDSON RIVER ICE CROP SHORT

It is Reported This Season's Crop Will be 1,700,000 Tons Less Than In Other Years—Due to Labor Shortage and Unfavorable Weather Conditions.

While there has been plenty of ice this winter the Hudson river ice crop is reported to be about 1,700,000 tons short of the crop harvested in other years. The annual ice crop has been a little over 3,000,000 tons. During the open winter of 1917-18 not a pound of ice was cut from the Hudson river, and when this season opened it found all of the ice houses along the river practically empty.

The fact that all of the ice houses were not filled is said to be due in the first place to the labor shortage, and to the fact that the many snow storms of the past winter added greatly to the cost of harvesting this crop. In this vicinity there were several houses that were not filled this season.

There will be no shortage of ice, however, in Kingston for all of the local ice dealers have laid in a supply that will carry them through the summer. Just what the price this summer will be is not known, but it is understood that ice will be retailed at about the same price as last summer, if not a trifle cheaper.

With the big artificial ice plants in New York city and vicinity there will be plenty of ice this summer, and no fear of a shortage is felt at this time.

ABOUT THE FOLKS.

Sam Bernstein and family have returned from a sojourn in Florida.

Walter Lown of 47 New street is confined to his home with an attack of neuritis.

Miss Vera E. Zelle of Albany spent Tuesday at the home of her mother, Mrs. B. Frank Zelle.

Charles H. Knight left this morning for Manchester, Conn., where he will make his home in the future.

Mrs. H. R. Leeder is in New York city at the millinery opening purchasing her spring stock.

Miss Elizabeth Rouse of Greene county is the guest of Mrs. A. V. V. Kenyon at her home on Fair street.

Mrs. Howard Hotelling, who has been seriously ill at her home, 84 Hoffman street, is slightly improving.

Undertaker Richard H. McCutcheon, who has been seriously ill with pneumonia, is reported rapidly improving.

Mr. and Mrs. William J. O'Neill of West Pierpont street are receiving congratulations over the arrival of a daughter at their home.

Mrs. Horton Smith of Hensonsville, Greene county, is spending several weeks with Mrs. William Newkirk at her home on Warren street.

Attorney DuBois J. Gillette has returned from New York city where he has been engaged for the past few days in legal matters.

Mrs. Cora D. Gordon of Brookfield, Madison county, is the guest of her sister, Mrs. Kathryn D. Boice, at her home on Fair street, for several weeks.

The many friends of Mrs. Sarah M. Burbanck will be pleased to know that she is slowly improving. A sunshine shower has been started and she has received many tokens of regard.

Mrs. Henry Lyak of Barclay Heights, Saugerties, who visited her sister, Mrs. George Lowther, on Hasbrouck avenue, and also her brother, William H. Myers, a patient at the Benedictine Sanitarium from Saugerties, has returned to her home.

The Woman's Home and Foreign Missionary Societies of Clinton Avenue N. E. Church will hold their annual "Wife Box Opening" this evening at 7:30 o'clock in the lecture room of the church. A program, "The Call of the Home Land," will be given.

The regular meeting of the Queen Esther Circle of St. James's M. E. Church will be held this evening in the church parlor, at which time the election of officers will take place. All members are urged to be present and bring in returns for the articles recently sold.

K. K. S. Varsity in Two Games. The Kingston High School varsity basketball team will play Roxbury High School on Friday evening in the local high school gymnasium. On Saturday afternoon the varsity will journey to Poughkeepsie where they will play the high school team.

Colonial Managers to Meet. There will be an important meeting of the managers of the Colonial basketball league at St. Peter's Hall on Friday evening of this week at 8:30 o'clock. It is desired that all managers be in attendance, as there are several things to be considered.

Lutheran Club Tonight. The last regular meeting of the Lutheran Club will be held this evening at 8 o'clock at the Church of the Redeemer. For the convenience of those who will attend church services at Immanuel and the Spring Street Churches, a recess will be taken until 8:15 o'clock.

Mrs. Hugh Chamberlain of 27 Second street, Saugerties, wishes to deny the statement made in the Saugerties columns of The Freeman Tuesday evening to the effect that she daydreamed at a card party on Saturday.

Did Not Remember. Mrs. Hugh Chamberlain of 27 Second street, Saugerties, wishes to deny the statement made in the Saugerties columns of The Freeman Tuesday evening to the effect that she daydreamed at a card party on Saturday.

COMMISSIONER GREENE HAS RE-ADVERTISED FOR BRIDGE BIDS

Swift Work by Head of State Highway Department, Who Promised Action in Two Weeks and Got It in Five Days—There May Still Be Red Lights on the Track for Someone to Extinguish.

HOME BUREAU DRIVE EXTENDED

Executive Committee, Owing To Sickness And Road Conditions Which Have Prevailed, Decides to Let Workers Go On Until April 1—311 Members Now Enrolled.

The executive committee of the Home Bureau met at the Home Bureau office in Kingston on Monday afternoon, March 1st. Mrs. William A. Warren of Hurley, county chairman presided. One of the most important matters that came before the committee was that of continuing the Membership Campaign. Reports came to the committee from a large number of the local Home Bureau chairmen in the county, saying that they had been able to secure only a few members so far because of the condition of the roads and the prevalence of the grip and influenza. After considering the matter very carefully the executive committee finally voted to continue the campaign until Thursday, April 1st. All final reports of memberships must be at the office by April 1st. These reports will be brought up at the next executive committee meeting which will be April 5th. The banner will then be awarded to the community going the farthest over its quota in proportion to it.

The executive committee gave a vote of appreciation to the local Home Bureau chairman who had so splendidly helped to secure over half of the county quota of members with a total of 311 at the time of this meeting. It was reported that contributions to the amount of \$58.00 had been received from Saugerties and two more life members, one being from Ellenville, the other Kingston. Other matters of importance to be brought up were the complete budget for 1920 of which the membership dues form a part—and the progress of the work to date, including the new communities organized, and the new types of work taken up in others.

One of the most interesting features of the meeting was the report given by Mrs. Edward Young of Milton, of her visit at Cornell University during Farmers' Week. Those present at the executive meeting were: Mrs. William Warren, Mrs. Chester Young, Mrs. Elmer Smith, Miss Marie Newkirk, Mrs. Edward Young, Mrs. Charles Hall, Mrs. Frank Phelps, Mrs. Howard Gillespy.

PRESIDENT TAKES FIRST OUTING

By Telegram to The Freeman. Washington, March 3.—For the first time in nearly six months, President Wilson left the White House today and went for an automobile ride. The president was accompanied by Mrs. Wilson, Dr. Cary T. Grayson, his physician, and the usual secret service operators.

Great secrecy was observed at the White House concerning the trip. The two big White House cars were brought around to the rear entrance and unobserved except by a few persons, the president and Mrs. Wilson emerged and entered the first car. Dr. Grayson entered this car. Secret service men followed in the second car.

The ride lasted about an hour and twenty minutes. The president returned to the White House shortly after noon. The president picked an almost perfect spring day for his adventure beyond the porticoes of the executive mansion. The sun was shining brightly and there was little or no breeze. It was a real spring day.

Despite the warmth of the day, the president was heavily bundled up. The closed car was used. The route chosen was the president's favorite ride. The cars slipped quietly out of the northwest gate of the White House grounds and drove down past the Pan-American building to the speedway. A fast pace was set and few if any persons recognized the president.

Did Not Remember. Mrs. Hugh Chamberlain of 27 Second street, Saugerties, wishes to deny the statement made in the Saugerties columns of The Freeman Tuesday evening to the effect that she daydreamed at a card party on Saturday.

SENATE DODGES LEAGUE INQUIRY

Walker, Democratic Leader, Votes With Republicans to Squelch Cotillo's Effort to Have Upper Body Take Part in Assembly Inquiry Into Anderson Organization.

By Telegram to The Freeman. Albany, N. Y., March 3.—The senate today by a vote of 28 to 15 side-tracked an effort to have it take part in the assembly's proposed investigation of the Anti-Saloon League. A resolution to this effect, sponsored by Senator Salvatore A. Cotillo, Democrat, of New York, was referred to the judiciary committee, from which it is not expected to emerge. The motion to commit was made by Majority Leader J. Henry Walters. The Republicans, except Senator Peter A. Abels of the Bronx, supported Senator Walters' motion. Senator James J. Walker, Democratic senate leader, voted with the Republicans.

Senator George F. Thompson, sponsor of Anti-Saloon League enforcement bills, declared himself opposed to the resolution if it intended an investigation of "every prohibition and every W. C. T. U. organizer," which has contributed to the league. He was assured it would not.

HARD ON BAY RUM DRINKERS

By Telegram to The Freeman. Washington, March 3.—This is going to be a terrible blow to the barbershop quartet. Prohibition Commissioner Kramer announced today that bay rum jags are due for a knockout. An order was issued that hereafter all barbershops of high alcoholic contents—tobacco, hair tonics, etc.—must be decorated with emblems to make them unfit for human consumption.

Cartoon Going Fast.

E. S. Craft & Son, the bustling Wall street grocers, who do business on a large scale, this week received a full cargo of fancy beer from Francis H. Leggett & Company, New York, in cloth sacks of 24 pounds each, and are giving old H. C. L. a stunning blow, judging by the rash of early buyers at the store, who are taking advantage of the low price it is being sold at.

Lenten Services at Redeemer.

On Thursday evening at 7:45 o'clock there will be held the third of a series of Lenten services at the Church of the Redeemer. Warts served, Rev. F. A. Brinkley, pastor. The meditation for the evening will be on "The Great Denial." The choir renders special music at these services. The public is cordially invited to attend.

Regular Meet Thursday.

The regular meeting of the Methodist and Allied Professions will be held at the Court House, Kingston, Thursday, March 4, at 8:30 p. m. All members are urged to be present, as business of importance will be considered.

Lutheran Club Tonight.

The last regular meeting of the Lutheran Club will be held this evening at 8 o'clock at the Church of the Redeemer. For the convenience of those who will attend church services at Immanuel and the Spring Street Churches, a recess will be taken until 8:15 o'clock.

Lutheran Club Tonight.

The last regular meeting of the Lutheran Club will be held this evening at 8 o'clock at the Church of the Redeemer. For the convenience of those who will attend church services at Immanuel and the Spring Street Churches, a recess will be taken until 8:15 o'clock.

Costs less.

Insist on SALANUT. Ask your grocer.

COUNCIL FAVORS DAYLIGHT SAVING

Adopt Unanimously Alderman Warren's Resolution Favoring the Continuance of the Daylight Saving Law.

By a unanimous vote the common council went on record Tuesday evening at the regular monthly meeting as in favor of the daylight saving law, and Alderman Warren's resolution to that effect was adopted. Alderman Warren's resolution read as follows:

Whereas, there is now pending in the state legislature a proposed act to repeal the state daylight saving law; and

Whereas, amongst other favorable results obtained therefrom, this law has worked satisfactorily and has proved of great benefit to the mass of the people of this city, and particularly to the thousands of indoor clerks and industrial employees, and has resulted in a great saving in the cost of artificial light, and has occasioned a large increase and revival in out-of-door and recreational activities with beneficial results to the health of the people of the city; be it

Resolved, by the common council of the city of Kingston, New York, that we do hereby approve of the continuance of said daylight saving law, and record ourselves as being opposed to the repeal thereof; be it further

Resolved, that the city clerk transmit a certified copy of this resolution to each of our legislative representatives and to the proper committee of the legislature before whom said proposed repeal act is pending.

ELLENVILLE.

Ellenville, March 2.—The local high school basketball team defeated the high school team of Monticello at Norbury Hall, Friday evening. It was a good game enjoyed by the large crowd present. Dancing followed the game which was enjoyed by the young people.

Attorney H. W. Coons and Mrs. Coons entertained the members of the Board of Education and the teachers of the Ellenville schools at their home on Center street Saturday evening. Games with music furnished the evening's entertainment. Refreshments were served and enjoyed with a happy social intercourse. Mr. Coons has been with the board a dozen years and at the time of his resignation was president of the board.

The March meeting of the Ladies Aid Society of the M. E. Church will be held at the home of Mrs. J. H. Clark Thursday afternoon at 3 o'clock. Election of officers for ensuing year will take place at this meeting.

Miss Hart, one of the teachers in Pine Grove school, who has been very ill at her boarding house has so far recovered as to be able to sit up a while each day at this writing.

Bert H. Terwilliger has been confined to his home the past week by an attack of influenza.

Mr. and Mrs. Hiram Coutant have gone to New York where Mr. Coutant takes a position.

Mr. and Mrs. C. B. Freer will move April first to the apartments in Ulster Palmer's house now occupied by Dr. Buellmann and wife, who move to their new home recently purchased of Mr. and Mrs. John Carver. Miss Florence Hoorbeck, clerk at Silverman Brothers store, has been confined to her home on Hickory street by illness.

Cashier Floyd B. Garrison of the Home Bank and family went to Kingston for over Washington's birthday and were all taken ill and have been under the doctor's care the past week. Report has it they are all on the gain.

The meeting of the Woman's Club at Hunt Memorial Hall on Monday afternoon had the following program. Bits of "Modern Poetry" arranged by Mrs. George J. Hoorbeck, "Industrial Conditions" by Mrs. B. M. Taylor committee in charge of program.

Cards received by local friends from Mr. and Mrs. Nelson Money-cunny, Sr., of Brooklyn, say they are pending the month of March in Florida visiting the most important sites of interest.

The Ladies Aid of the Greenfield M. E. Church are to hold the March meeting at the home of Mrs. Alida Pennr Wednesday, March 3. It will be an all day affair and a splendid dinner for which the ladies are well known will be served at noon. All business for the year will be squared at this time. A large attendance is expected as well as a pleasant day's outing.

Mrs. Robert Graham of the high school faculty injured her knee while skiing and was unable to teach for several days.

Mrs. E. E. Count spent the week end at Tarrytown.

Mrs. F. J. Potter and sister, Mrs. Emma Mance, have been spending a week at Meriden, Conn.

GLASCO.

Glasco, March 2.—Mrs. Charles Rose of Central Valley is visiting at H. Weeks'.

Benjamin Deahler has returned from New Jersey.

Mrs. Lavina Whitaker is confined to her home with the flu.

Miss Jeanette Kimbark is a guest of her cousin, Mr. and Mrs. Mike Proper, in Rhinebeck.

Adelbert Lamb has recovered from his recent illness.

Mrs. Fred Arnold of Brooklyn was a week end guest of Joseph Arnold.

Mrs. David Whitaker of Brooklyn visited relatives here the past week.

She has brought a house on Livingston street, Sagartown, and will move there in the spring.

Mrs. James Brown of Brooklyn is visiting at Thomas Brown's.

Fred Stevenson is in with the flu.

AMERICANISM EMPHASIZED

Tuesday afternoon at 2:30 o'clock the young pupils of Spencer's Business College were happily surprised by hearing the practical, common sense business talk by Richard E. Moon of Poughkeepsie, a man who observes very widely in schools and in business life. The illustrations used were from every day life from contact with men.

He first emphasized Americanism and defined it as being a spirit and not something that money can buy. In other words, the true woman and the true man are built from the inside, not from the outside. The place of ones birth need not hinder him from showing the finest type of Americanism. Whether born in northern Europe, southern Europe or even in Africa, he may show qualities of a true and noble man or a true and noble woman. The real Americanism is taught by the individual and if each one daily strives to use the best language of which he is capable, to act up to the best standards that he knows, the most effective way of teaching Americanism to foreigners will be reached. Kindly attitude with those with whom we come in contact, regardless of the nationality, will do more to impress the right type of citizen on the mind of the foreigner than all the lecturing without acting. We are very ready to point out the cause of failure in any line through the influence of some other individual. About 75 per cent of our defects can be removed by protecting ourselves from ourselves.

THE JOINERS.

News of Interest to Members of Fraternal Societies.

The following lodges hold regular meetings this evening:

Washington Camp, No. 2, P. O. S. A. 14 Henry street.

Rising Sons and Daughters of Beneficence, 103 Cornell street.

Union Sick and Aid Society, 47 West Union street.

Mount Horeb Chapter, No. 75, R. A. M., 275 Wall street.

Kosciusko Lodge, No. 86, I. O. O. F., 435 Broadway.

Tappan Camp, No. 1, Sons of Veterans, 407 Broadway.

Ten candidates will receive the Royal Arch at Wednesday evening's meeting of Mt. Horeb Chapter, No. 75, R. A. M., at 7:30 o'clock. The rewards will provide something to eat.

Preparatory to conferring the initiatory degree upon a class of candidates, all members of the degree team are requested to be present at the meeting this evening of Aretas Lodge, No. 172, I. O. O. F.

Plenty of Herring.

A fisherman says that a shoal of herring is sometimes five or six miles long and two or three miles broad.

ROBUST CHILDREN

A child should not look pale, thin or worn. Such condition denotes malnutrition. To keep up growth and robustness a child needs a plenitude of food rich in vitamins.

SCOTT'S EMULSION

abundant in growth-promoting properties, is an ideal supplementary food that could well be a part of the diet of every growing child.

Children always do well on Scott's Emulsion.

BLOOMINGTON.

Bloomington, March 2.—The topic for Sunday evening is "Life Lessons From the Book of Proverbs." Prov. 20:1-15. (Consecration meeting.)

Leader will be Miss Florence Relyea, and invitation is given to all to come and help the meeting.

Mrs. Mary Relyea is spending a few days with her daughter, Mrs. C. B. Ennist of Kingston, where she is being treated by Dr. Snyder, as she is in ill health.

Jesus Mowell who has had a position in New Jersey, has been spending a few days with his parents, Mr. and Mrs. Calvin Mowell of Creek Locks. He expects to leave again this week when he will enlist again in the navy.

Mrs. Jackwin was called away for a few days the past week to Long Island on account of the death of her mother. The community extend their sympathy to her.

The Ladies' Aid Society will hold its regular monthly meeting on Wednesday afternoon at 2 o'clock at the home of Mrs. Don. All the ladies are invited.

Rev. Mr. Polhemus of Port Ewen preached an interesting sermon on Sunday morning at 11 o'clock. Next Sunday morning the Lord's Supper will take place at 11 o'clock. Rev. Mr. Polhemus will preach.

We were sorry to hear of the death of the death of Daniel Ward the past week, as he was a resident of Whiteport for a number of years. He lived with his sister, Mrs. Fagher. Lately he moved to Kingston where he made his home, but in summer time he came out occasionally and stopped with his niece, Mrs. Seth Rowe, but always came to church. He was a good fellow and of a cheery disposition and will be missed by all of those who knew him. The community extend their heartfelt sympathy to his bereaved ones.

New Guinea Love Tokens.

When a New Guinea woman falls in love with a man she sends a piece of string to his sister, or if he has no sister, to his mother. Then the lady who receives the string tells the favored man the particular woman is in love with him.

Rev. Mr. Polhemus of Port Ewen preached an interesting sermon on Sunday morning at 11 o'clock. Next Sunday morning the Lord's Supper will take place at 11 o'clock. Rev. Mr. Polhemus will preach.

WEISBERG ANNOUNCES

that the second week in March he will open

A Specialty Shop

of smart, ready-to-wear apparel for women.

The department of custom-tailoring, in which suits and coats are made to your order in our own shop, will be maintained. In addition, we will show, hereafter, a complete collection of

SUITS, DRESSES, BLOUSES, COATS

THE NEWEST MODELS FROM THE BEST NEW YORK DESIGNERS

In planning to replenish your spring wardrobe, it will be well to keep in mind this formal opening.

S. WEISBERG

271 FAIR STREET, KINGSTON

"The shop that predicts style interests."

Shoe Shine.

A most satisfactory way to dress shoes is to rub them with a section of an orange or a lemon and then to polish with a dry cloth. It gives a brilliant luster to shoes not badly worn and does not soil the clothing. It is often a convenience in freshening up shoes at the end of a journey, for fruit is easily obtained.

Biblical Petroleum.

Petroleum is first mentioned in the Bible in the account of the destruction of the tower of Babel. The partially evaporated fluid is there referred to as "pitch," which "they had for mortar."

An Early Start.

The first conveyance for the public between New York and Philadelphia was a stage, started in 1756 by the aged huntsman, Butler.

NOTICE TO CONTRACTORS.

STATE COMMISSION OF HIGHWAYS. ALBANY, N. Y.—Pursuant to the provisions of Chapter 26, Laws of 1925, and the several amendments up to and including Chapter 425, Laws of 1925, sealed proposals will be received by the undersigned at No. 35 Lancaster Street, Albany, N. Y., on or before March 15, 1926, for the construction of a bridge to carry Road No. 226A over Red Hook Creek in Kingston County, N. Y. The bridge is designed for one suspension span, 205 feet long, and two anchor spans each 220 feet long with the necessary approaches, towers, concrete floor and stiffening trusses. A partial list of principal items follows: 224,000 pounds structural steel and castings; 567,000 pounds steel cables and suspensions; 2,232 cubic yards concrete; 100,000 pounds steel reinforcement. Plans, specifications and proposal forms may be obtained and estimates seen at the office of the Commission in Albany, N. Y. Special attention of bidders is called to "Information for Bidders" in the printed prospectus. Proposals must be presented in a sealed envelope endorsed on the outside, "Proposed for the Construction of the Red Hook Creek Bridge, Contract 226A-C." Each proposal must be accompanied by each of a certified check payable to the order of the State Commission of Highways for an amount equal to at least three per cent of the amount of the proposal. The retention and disposal of each such check by the State Commission of Highways shall conform with Subdivision 2, Section 130 of the Highway Law, as amended by Chapter 425, Laws of 1925. The successful bidder will be required to execute the contract and comply in all respects with Section 130 of the Highway Law, as amended by Chapter 425, Laws of 1925. The right is reserved to reject any or all bids. FREDERICK STUART GREENE, Commissioner. IRVING V. A. HITE, Secretary.

CITY OF KINGSTON BONDS AT AUCTION.

Pursuant to the General Municipal Law of the State of New York and of Section 223B thereof, the Charter of the City of Kingston, N. Y., Chapter 247 of the Laws

of 1915 of New York State and an ordinance passed by the Common Council of said City on July 1st, 1919, the undersigned Treasurer of said City of Kingston, will sell at Public Auction at the City Hall in said City, on the 15th day of March, 1926, at 2 p. m., bonds issued for the purpose of paying the school bonded indebtedness, (correcting and equipping new high schools, according to the plan of that indebtedness, one hundred dollars, (\$100.00), in denominations and payable as follows: Nos. 87 to 95 inclusive in denominations of \$1,000 each and Nos. 96 in denominations of \$500, payable April 1, 1930. Bonds to be sold to the highest responsible bidder at the best price obtainable, not less than their par value and said bonds must be paid for on day of delivery, on or before the 1st day of March, 1926. Bonds will be kept interest at the rate of four and one-half per cent per annum, payable semi-annually on the first days of April and October. The principal and interest of said bonds will be payable at the office of the City Treasurer, Kingston, N. Y. Dated Kingston, N. Y., March 2, 1926. ARTHUR D. TAYLOR, City Treasurer.

THE MUNICIPAL CIVIL SERVICE COMMISSION of the City of Kingston, State of New York, will hold the following named competitive EXAMINATIONS on MARCH 22d, at the City Council Chamber, City Hall, at 10 A. M. All applicants must submit an application blank on or before the day of the examination. All applicants must be present at the examination. The position of Public Health Nurse is open to all female residents of the City of Kingston who are not less than 21 years of age and have completed a course of study in nursing in a hospital or in the work of the position. The position of Public Health Nurse is open to all female residents of the City of Kingston who are not less than 21 years of age and have completed a course of study in nursing in a hospital or in the work of the position. The position of Public Health Nurse is open to all female residents of the City of Kingston who are not less than 21 years of age and have completed a course of study in nursing in a hospital or in the work of the position.

TAXI RIDES TO COST 40 CENTS A MILE HERE

Proposed Ordinance Regulating Taxicabs Is Adopted by Common Council—It Was Read and a Public Hearing on It Will Be Held March 16:

Under the proposed taxicab ordinance prepared by Mayor Canfield and the laws and rules committee of the common council it will cost 40 cents for one or two passengers for the first mile, or fraction thereof, to ride in a taxicab, and for each succeeding quarter mile 10 cents is to be added on to the fare. The taxicab question has been before the council for some time, and the committee has spent considerable time in preparing an ordinance which was read Tuesday evening at the regular monthly meeting of the common council.

At the close of the reading of the proposed ordinance it was decided to lay it over until the evening of March 16, when a public hearing will be held before adopting it. As the ordinance is of interest to all who use taxicabs or who are in the taxi business it is printed below:

Section One. License and regulation of taxicabs in the city of Kingston. The common council of the city of Kingston, in pursuance of the charter of said city, do hereby ordain and enact as follows:

Section One. Definition.—The term "cab" as used in this ordinance shall be construed to mean all taxicabs or mechanically propelled vehicles operated for hire in the transportation of passengers, for which patronage is solicited upon the streets of the city, or at a railroad station or boat landing.

Section Two. Cab License.—No cab shall be operated upon the streets of the city except under a license as hereinafter provided. Application for such license must be made by the owner or owners thereof. No such license shall be issued, except to a corporation, unless such owner or owners shall be a citizen or citizens of the United States and upwards of twenty-one years of age. Such license shall expire January first following the issuance thereof, and shall be duly numbered and state the name of the person, persons or corporation to whom granted, the

name of the city and the year, amongst other things, and shall be at all times kept in a conspicuous place within the cab, and cannot be assigned. A fee of two dollars shall be paid therefor.

Section Three. Operators License.—No person shall operate any such cab without a personal license to be issued upon the production of satisfactory proof of the fitness of the applicant therefor, and upon the payment of a fee of two dollars. Every person, when operating such licensed cab or when demanding or receiving money for the conveyance of any passenger, shall wear on his cap, or the outside of his coat, in a conspicuous place, a badge to be furnished to him with his license which shall contain the name of the city, the words, "Licensed Driver," the number of such license in legible letters and figures and the year. Such license shall expire on January first following the issuance thereof, and cannot be transferred to another.

Section Four. Issuance of License.—All applications for licenses shall be made to the chief of police, and all licenses shall, in proper cases, be issued by him. A proper record of all licenses issued shall be kept by him.

Section Five. Revocation of License.—The chief of police may at any time in his discretion revoke any license issued hereunder for reasonable cause, and may suspend same during investigation. Conviction of a violation of this ordinance or any ordinance or law regulating vehicles or traffic shall be considered sufficient cause therefor.

Section Six. Public Stands.—The chief of police, with the approval of the mayor, shall designate from time to time, such street cab stands as may be proper, and may limit the number of cabs to remain at any one stand at any one time.

Section Seven. Solicitations of Passengers.—No person other than one duly licensed as herein provided and legally wearing his badge shall solicit passenger for his cab, and then only in a respectful and courteous manner, and when remaining in or upon his vehicle, or not more than five feet therefrom within the space facing the rear or side thereof facing the sidewalk.

Section Eight. Payment of fares.—All fares collectible hereunder may be demanded in advance. No licensed person while waiting for employment shall refuse any reasonable demand for the conveyance of passengers when tendered the compensation fixed by this ordinance, nor demand any greater fare than so fixed. All disputes as to fares shall be determined by the officer in charge of police headquarters or by any police officer

on duty, and failure to comply with such determination shall subject the offending party to a charge of disorderly conduct.

Section Nine. Rates of Fares.—(a) The rates which may be charged or collected for the transportation of passengers hereunder from any point within the city to another point within the city, shall not exceed as follows:

(a) For one or two passengers: For the first mile, or any fraction thereof, \$.40
For each succeeding one-quarter mile or fraction thereof, 10

(b) For three or more passengers: For the first mile, or any fraction thereof, \$.60
For each succeeding one-quarter mile or fraction thereof, 20

(c) That between the hours of 1 a. m. and 6 a. m. fifty per cent additional to above rates may be charged.

(d) The foregoing rates shall apply only for continuous transportation, and any stops made for the convenience of the passenger may be chargeable at the rate of not to exceed one and one-half dollars per hour.

(e) The above rates shall include, without additional charge, transportation for personal baggage; but no trunks or other baggage in excess of fifty pounds shall be carried.

(f) A printed card giving a synopsis of the proper fares shall be furnished with each cab license and shall be at all times kept in a conspicuous place within the cab.

Section Ten. Taximeters.—Every cab shall have affixed thereto a taximeter to be furnished by the owner thereof, and to be of a design approved by the chief of police. No license shall be issued for any cab until the taximeter attached thereto shall have been inspected by the chief of police and found to be accurate. No taximeter shall be used which shall be over five per cent incorrect to the prejudice of any passenger. Such taximeter shall be subject to inspection and examination by the chief of police or sealer of weights and measures at any time.

Section Eleven. Limitation.—This ordinance shall not apply to cabs hired or obtained from a garage which does not solicit patronage on the streets or at a railroad station or boat landing, nor to vehicles subject to the provisions of the transportation corporations law, but shall apply to all cabs or automobiles hired by telephone or otherwise from licensed cabs.

Section Twelve. Penalty.—The violation of any of the provisions of this ordinance is hereby declared to be a misdemeanor, and shall be dealt with and punished accordingly.

Section Thirteen. Repeal.—All ordinances or parts thereof insofar as

the same are inconsistent herewith are hereby repealed.

Section Fourteen. Publication.—This ordinance shall be published twice in the official papers of the city, and shall take effect on June first, nineteen hundred and twenty.

WHY WEST SHORE CROSSING SHOULD BE ELIMINATED

Mayor Canfield in Communication to Common Council Sets Forth His Reasons and Explains Steps Already Taken in Matter—He Also Replies to Various Questions Raised.

Tuesday evening Mayor Canfield read the following communication to the common council at the regular monthly meeting, stating that he had prepared it for the records of the city. The message was filed with the city records. It was as follows:

Office of the Mayor
CITY OF KINGSTON, NEW YORK
Palmer Canfield, Jr., Mayor.
Kingston, N. Y., March 1, 1920.
The Honorable, the Common Council of the City of Kingston, N. Y.
Gentlemen:

Many persons have raised various questions in newspaper articles in relation with the West Shore grade crossing elimination at Broadway.

I welcome any suggestion and the presentation of any idea from anyone, even though critical in words or in tone. This communication is of an informative nature to explain such questions as may have arisen.

All of these matters now being revived have been considered long since, and, above and beyond that, have been examined and investigated in detail, thoroughly discussed, reasoned upon, and thought over exhaustively.

I am informed that there have been more hearings, conferences and discussions, plans made and developed, and propositions considered in this proceeding than in any other similar proceeding had before the Public Service Commission.

The first petition of the present administration was filed in the fore part of 1914. A supplemental petition was subsequently filed after a traffic count had been made at the crossing. For five years no hearing

could be obtained before the Public Service Commission, partly because of war conditions. During this time, however, several public meetings were held, and the matter was given attention in each of my annual messages, and in other ways it was kept almost continually before the public. During this period your Honorable Body passed favorably with a unanimous vote upon the elimination several times.

The first hearing was held before the Public Service Commission in January, 1919. Since that time public hearings have been held before such commission in this city and at Albany. Every side and angle of the problem was turned upside down and inside out many times. Altogether, eight different sets of plans were made by the engineering department of the New York Central Railroad at the request of the city, at a cost of many thousands of dollars to the railroad.

Four different types of plans were carefully compared and the advantages and disadvantages of each were duly weighed. These plans consisted, as is generally known, firstly, depression of railroad tracks; secondly, the detouring of Broadway in a curved course to the north from Cornell street to Dederick street, occupying a part of the space now included in the Colonial subway; thirdly, the raising of Broadway over the railroad tracks, known as the viaduct plan, and fourthly, the depression of Broadway, called the subway plan.

The depression of the railroad tracks would produce beneficial results in some respects. It would, however, cause more damage to property than any other plan. It appeared, however, that the execution of that plan would cost about \$3,000,000. The city could not afford to pay its proportion of such an amount, which would be \$750,000. It has not sufficient bonding power to issue such an amount of bonds, and, therefore, could not legally raise such an amount. Besides, the Public Service Commission has not a fund which would be sufficient to pay its share, and it would not consider the plan because of the enormous cost involved.

The detour plan was not deemed satisfactory for many reasons unless it provided a new business section. As it failed to do so, it would have caused the rear of the properties and the northerly side of Broadway to face the new Broadway, making the main street at this point unattractive and ugly. It would have seriously affected the business and property on these blocks on the present Broadway for which they could recover no compensation under the law.

The viaduct plan was likewise given attention. A model of this plan and of the subway plan were provided by your Honorable Body, and were placed on public review and attracted much attention. The adoption of this plan was not deemed to be advisable because of the prohibitive grade and other disadvantages.

The subway plan was adopted because it could be executed at a reasonable and acceptable cost and because it offered a minimum of disadvantages. This plan involves, amongst other things, a lower level roadbed fifty feet in width; an upper roadbed on each side of twenty feet in width, except between Cornell and Thomas streets it is twenty-six feet; a sidewalk at the present level of eight feet on each side except between Cornell and Thomas streets it is ten feet; a ramp of eight feet on the northerly side; a roadway bridge of twenty feet in width on the westerly side of and parallel to the railroad tracks extending from Greenhill avenue to Railroad avenue and connecting both streets, and a similar one on the easterly side of the tracks; with stairs and an underpassageway for pedestrians on each side; and with a trolley platform on each side in the subway.

It involves the taking of thirty-one feet of land on the southerly side of Broadway, affecting nine properties. The street could be depressed without taking land, but it would give us a depressed road of twenty-eight feet, an upper level on each side of about fifteen feet, and a narrow upper level sidewalk on each side.

A committee of representative and substantial citizens investigated the question of damages to these property owners, and it was the opinion that the sum of \$125,000 would fairly and reasonably cover the same. Such amount was, therefore, placed in the estimate of the cost of the elimination. As the city would get much more than the elimination of the grade crossing, and a depressed street ten feet wider than similar streets in even the largest cities, and as the railroad was incurring certain obligations at its own expense, it was demanded that the city care for all property damage above said amount, leaving it to the city to acquire more property if it desired.

WHY WEST SHORE.—The cost of this plan is estimated at \$222,000. The city's share of this would be about \$120,000. Assuming that the proportion of the city should be \$120,000, it could be paid in twenty years and would add only about seventy-five cents tax for each one thousand dollars assessed valuation.

On one day last year, when it rained a great part of the day, over 25,000 people passed over this crossing in vehicles and on foot. The traffic has about doubled in five years. It will again double in the next five to ten years. This crossing, being the main artery of traffic of the city, is more important than other crossings combined. It is estimated that this crossing causes the loss of about 100,000 hours per year. These lost hours are worth, disregarding the colds and illnesses and loss of use of horses and vehicles and the inconvenience caused thereby, the sum of \$40,000 per year, according to the opinion of economists. The average cost to the city for interest and payment on the principal for a period of twenty years would be about \$11,250 per year.

There is an average of 150 trains and engine movements per day over this crossing, or one every ten minutes. At certain busy hours the average is about one every five minutes. The enormous traffic and the many train movements present a very dangerous combination of conditions which will become more hazardous and unsafe, and be attended with much more risk to

Jack O'Leather

TRADE MARK

SUITS for BOYS

Guaranteed
Leatherized—All Wool

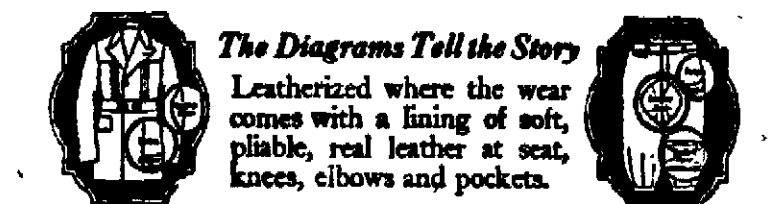

Better-dressed boys in better-built suits. That's what happens when they wear Jack O'Leather.

Jack O'Leather Suits for Boys are "Leatherized." All the wear-spots—the seat, knees, elbows and all pockets—are lined with lightweight, soft, pliable, real leather.

This leather lining in Jack O'Leather suits, combined with fabrics of the purest wool, means twice the wear of ordinary suits.

Jack O'Leather prices are no higher than you usually pay, and every suit is guaranteed. See these remarkable "leatherized suits." They're new, and cut clothing costs in half, by giving twice the wear of ordinary suits.

Sold only by us in this city.

human life as time goes on. To fall in our plain duty to eliminate it would be similar to that of permitting an adenoal growth to choke off the only traffic passageway through our city. It would be fatal to the progress and future of our city.

The central part of the city would receive the greatest direct benefit therefrom. In my opinion, within five years after the completion of the elimination, the assessed value of the property in that section of the city would increase one million dollars as a result thereof. There would be an immediate and continued growth in new and additional buildings. Under present conditions there cannot be a strong or rapid advance in this section. The checker-board present condition and not a relieved condition as a result of the elimination.

The question of grades as to the subway has been raised. This is a matter entitled to consideration, but it has already received it. The grade of every incline in the city was obtained. Two business men, both of whom are engaged in business causing the trucking of loads by horses, tested out various grades with a proper load for a single horse and also for a team. They found that a grade of six per cent or under with a proper pavement and of reasonable length would permit a normal load to be pulled by one or two horses up and over the same. At that time the proposed plans called for a grade on the easterly side of six and one-half per cent. After much discussion, upon our demand, the railroad agreed to raise their tracks one and one-half feet. This was a considerable concession on its part because there is now an up-grade from O'Reilly street to this point of twenty-six feet. It also involved an expenditure of many thousands of dollars. As a result of this and other changes the grade on the easterly side was brought down to less than six per cent and that on the westerly side to less than five per cent, which is not prohibitive.

The question of possible delays to trucks and automobiles in the subway occasioned by horse drawn vehicles has been raised. This will not happen for the simple reason that the depressed roadway is wide enough for a line of horse drawn vehicles and also a line of automobiles going in each direction at the same time. Besides, trolley cars of both lines proceeding westerly will pass over the northerly track, and in proceeding easterly will pass over the southerly track. Thus, all trolley cars will travel through the subway with the traffic, permitting a seventy-five per cent of use of the space between such tracks.

It has been suggested that trains be stopped to maintain the danger. The public service commission would not allow such an order as it would cripple the railroad service throughout the state with its thousands of grade crossings. Nor would the commission consider a partial elimination proposition of depressed roadbeds leaving the complete and ultimate solution as far away as ever.

It has been stated that lengthy freight trains should be cut in two. This has been done and does relieve the traffic stagnation temporarily. The ultimate result is worse, because the train must be stopped, disconnected, then connected and started, all of which consumes much more time than if the train is permitted to pass in the first instance.

Another suggestion is that of placing a platform on each side of the crossing to meet danger. This plan would require a double shift of two platforms each day. The cost to the city would be about six thousand dollars per year. This would just about pay the interest on the city's share of the cost of the elimination with very little benefit.

None of these make-shift propositions provides any relief for the present congestion of traffic, both vehicles and pedestrians, and the loss of time resultant therefrom. Nor are any of them more than a temporary alternative. The same old discussion and same opinion, like the Hudson River, would flow on forever, and the growth of the central section of the city would be held suspended in the air.

Our bonded indebtedness is in very excellent condition. After the payments to be made this year only \$335,000 will remain to be paid from taxation, which excludes the water bonds. The only other indebtedness of the city, outside of a few thousand dollars due on trucks purchased, is customary, on the yearly payment plan is the paying certificates. The city has today about \$200,000 worth of Willie pavements, and the certificates still due, amounting to a little over one hundred thousand dollars, are being paid out of the funds of the Board of Public Works.

Some of our citizens hold up their hands in real or pretended horror at our tax-rate. It is desired that the expenditures of a city be kept down to the basis of reasonably progressive, proper and necessary governmental activities. If these same citizens would investigate and compare tax-rates and other financial conditions of other cities of this state they would lower their hands and soften their voices. According to the report issued on the cities of the state, Kingston was one of ten of the fifty-nine cities of our state whose 1919 tax-rate was lower than 1918. In nearly all, if not all, of the other nine cities there was a substantial increase in assessments, while in our city, the total tax-rate this year will be about fifteen per cent more than last year. There is no complete list of tax-rates of other cities for this year, but the increase in some of the cities amount to forty per cent. I don't very much if any will have a lesser increase than our city except those cities where they have raised the assessments considerably. Over twenty cities in the state have higher tax-rates than Kingston and a large majority of them assess their property at a higher rate.

We are trying to get a proper water terminal on the Hudson river. We also need a proper railroad passenger terminal. We cannot move the matter of a railroad station until the elimination is a reality, as any plans for a new station and the desirable improvements which would go with it, must be based upon the mode and manner of eliminating the crossing.

In these matters we want the vigorous, active and broadminded support and co-operation of the citizens of the city.

Respectfully,
PALMER CANFIELD, JR., Mayor

CHRISTIANITY VS. BOLSHEVISM

Price Pleads That Christianity World Would Prevent Spread of "Red" Doctrine and That He Good Business, Economy and Common Sense.

A remarkable appeal to "hard-headed business men" to save the world from Bolshevism by an acceptance of Christianity, is made in today's issue of The Outlook by Theodore H. Price, who some years ago started the world by his Napoleonic effort to corner the cotton market.

Mr. Price bases his religious plea upon purely economic grounds. He shows that "a thoroughly Christianized world" would be good business, good economy, good civics, good common sense. His article is headed "The Economic Value of Religion and the Interchurch Movement," and he takes as his text an extract from a London cable dispatch to the New York Evening Post of January 10, which said, among other things:

"There is a growing feeling that the only hope of checking the Bolshevik spirit throughout the world lies either in a stronger suppression by the leading governments of the revolt against law and order, or in a genuine religious revival. This statement, while startling, reflects, not the opinions of excited politicians or religious fanatics, but the views of hard-headed business men."

Commenting on this, Mr. Price says: "That 'hard-headed business men' should have come to feel that the spread of Bolshevism could be checked by a genuine religious revival is a statement that will surprise many; and that it should have been thought worth while to cable it from London and print it along with the financial news in a leading metropolitan daily will be even more surprising to those who have been in the habit of thinking of religion and business as two widely separated and unrelated things."

Proceeding from this basis, Mr. Price urges that "those who maintain that a religious faith insures our happiness in the life beyond the grave can hardly object to proof that it will also insure us against unhappiness and disorder in our mundane existence."

He shows, what is being proved by the Interchurch 'World Movement' surveys, that "in the lands and among the peoples that compose Christendom self-government has attained a higher development, science has had a greater advance, wealth has increased more rapidly, life has been made more comfortable, there is less disease and misery, and a higher degree of physical well-being, than anywhere else in the world."

Quoting then from former Secretary of State Lansing that the reconstruction of society is the mighty task of the church, Mr. Price produces his striking argument as follows:

"No one knows, but from the low standpoint of self-interest alone the experiment seems worth the effort and the cost. It will involve The people of the United States pay about \$1,000,000,000 a year for insurance against fire, casualty, dishonesty, accidents at sea and other hazards to which they or their property are exposed. This does not include ordinary life insurance, for which another \$1,000,000,000 or more is paid."

"These payments do not avert disasters against which they are supposed to provide indemnity. They simply redistribute the resulting loss among a large number of people so that it can be more easily borne. It is claimed that a universal acceptance of the Christian religion will not only insure us against the losses of disorder, strife, and war, but that it will prevent them. In the past these losses have been so enormous that they are beyond our comprehension. The cost of the great war now ended has been estimated at \$137,946,179,657 by Professor Bogart, of the University of Chicago. No one knows what these figures mean. The losses caused by the 3,181 strikes and lockouts reported in the United States in the year 1918 are estimated at over \$2,000,000,000 but this is only a guess which takes no account of the waste indirectly due to idleness and disorganization."

"According to the census of 1910 there were 111,498 persons in the prisons of the United States, and in that year 479,289 criminals were sent to jail for terms of varying lengths. Most of this number were convicted for violations of the Decalogue, which he it remembered, is the basis of all our criminal laws. Their enforcement costs an enormous sum, most of which would be saved if the Ten Commandments were universally taught and obeyed."

"But it is as unnecessary as it is impossible to specify the hundreds of ways in which economic law and waste would be avoided."

ATWOOD.

Atwood, March 2.—Edward Quick is improving at this writing. Stephen Bush is on the gain. Mrs. David Morry who has been sick is a little better.

AGRICULTURE.

This looks like a mighty good year for making maple syrup.

There are three parties to a farm lease; the tenant, the landlord and the land. But the land usually has to go unrepresented.

E 26 and your name and address on a postal card sent to the State College of Agriculture at Ithaca, N. Y., will bring you a copy of "Seed Testing," a handy bulletin to have at this time of year. It tells how.

If you intend to go to work, there is no better place than right where you are: if you do not intend to go to work, you cannot get along anywhere. Squirming and crawling about from place to place can do no good.—Abraham Lincoln.

Dollars in farm manure represent money just as much as dollars in the bank. The manure which has accumulated in the barnyard should be spread on the fields at the earliest possible moment. Warm spring rains reduce its fertilizer value rapidly.

No universal restriction has been placed on the sale of acid phosphate in New York state. It should not be necessary to buy mixed goods to get acid phosphate. The county agent can tell you of reliable sources of this plant food.

Now they say that lettuce, spinach and smaller vegetables furnish certain elements which are important in the nutrition of human beings, especially children. Some folks have thought that lettuce was a luxury and not of much value. The home garden means health.

People of the "Seven Seas"

The "Seven Seas" exist in Hindu mythology, to which Kipling may have given the idea of his story "The Seven Seas." According to the Puranas, the earth is circular and flat, the center of a water disk. Its circumference is 4,000,000 miles. In the center is Mount Sumeru, on this mountain are three peaks formed of gold, pearls and precious stones, where the deities reside. At its base are three mountains, on each side of which grows a tree 8,000 miles high. The forested country from these mountains is bounded by the sea. Beyond this sea there are six others of different colors, of different heights, of different widths. Each sea is surrounded by a separate continent.—Exchange.

HOMESpun YARN.

The roller towel for family use and the common drinking cup are not landmarks on the road to health.

Here are some of the kinds of apples that are still good during March: Greenings, Baldwins, Romeas, Sea Doves, Yellow Newtowns.

Your body needs fuel. If it does not get the fuel, then it must burn some of its own tissues. Fuel foods are starch, fats, sugar and protein.

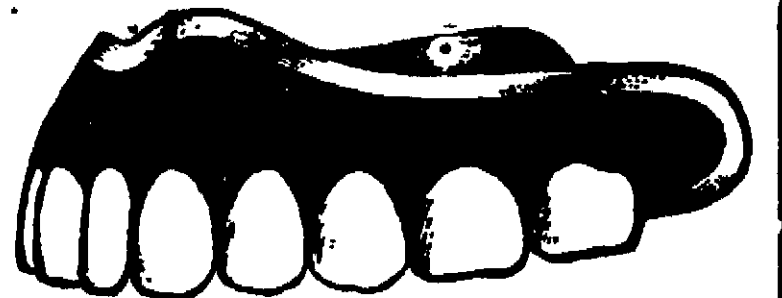

The old-time wooden spoons still have their advantages. They are lighter than metal, make less noise, do not scratch metal surfaces and do not discolor the hand.

For the household repair kit: Hammer, screw driver, plane, pliers, saw, oil can, soldering outfit, knife, sharpener, twine, shears, locks, nails, screws, hooks and wire.

Most women like a corner of the garden all their own. You may want, then, a copy of the new garden bulletin which the State College of Agriculture at Ithaca, N. Y., has just published. It is F 145.

When cake batter is put into the pan, if the batter is brought up against the sides of the pan so that the center of the cake is lower than the sides, the cake will not be likely to rise so high in the center that it cracks open.

"Keep your hand on your pocket-book," is a pretty good admonition when you are in a crowd and the lights go out; but it's a bad promise to keep your hand on your pocket-book too much at other times if keeping your hand there makes you spend money that you ought to save. Government savings stamps are the best plan for a lucky penny. Save for a government savings stamp. Buy one 25 cent stamp during March every week, March 1 to 5.

DIRECT BITE TEETH

Direct Bite Teeth are made by a new process. They have teeth as much tongue space. They increase the sense of taste. They improve the faculty of speech. They increase the biting force. Call and have them explained to you. Established 30 years.

Hours 9 a. m. to 5 p. m. Sundays, 9 a. m. to 1 p. m.

The Diet During and After INFLUENZA

For Infants, Invalids and Growing Children [Rich milk, malted grain extract in Powder] The Original Food-Drink For All Ages [No Cooking - No Heating - Digestible]

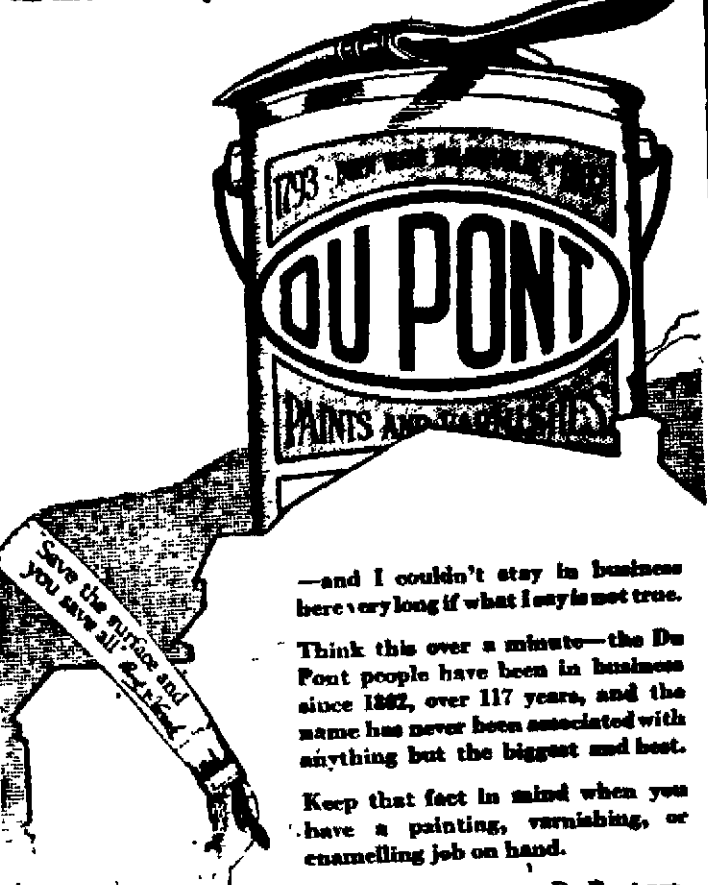

DON'T OVERLOOK THE LITTLE THINGS PHONE US TO FIX 'EM

In your spring remodeling take account of small items as well as large. The net result will save trouble and money. Let us fix up those small leaks—the flush valve on that closet—that dripping faucet; they both waste far more water than you think, unless you have actually figured out the loss. Let us replace that old splintered, uncomfortable, unsightly closet seat. It will cost but little.

Canfield Stove Co.
Strand and Ferry Sts., Rondout, N. Y.

Is Du Pont the best paint in the country? I'll say so!

—and I couldn't stay in business here very long if what I say is not true.

Think this over a minute—the Du Pont people have been in business since 1802, over 117 years, and the name has never been associated with anything but the biggest and best.

Keep that fact in mind when you have a painting, varnishing, or enameling job on hand.

Then see me—I have a Du Pont product on my shelves that will suit you from every angle.

M. H. HERZOG,
332 Wall St.,
Kingston, N. Y.

TWO SEEK BUS LINE FRANCHISE

And Both Were Laid On Table Until Next Meeting of Common Council—Baniwski Claim Settled—Mr. Herbert Said Education Board Treated Society "Outrageously."

Two applications for permission to operate bus lines in Kingston were read at the regular monthly meeting of the common council held Tuesday evening, and both were laid over until the next meeting of the council. The first application was from Franklin A. Tiger of the town of Esopus, who is desirous of establishing a bus line between Kingston and Ulster Park with a rate of fare of 30 cents, and make two round trips daily.

The other petition was from the Kingston Taxi Consolidated, and asked permission to operate a bus line through the industrial section of the city starting at the West Shore. The fare would be 10 cents for adults and 5 cents for children under 10 years of age.

Alderman Martin of the Twelfth ward, at the closing of the reading of the petition said that he failed to see any reference in the request for permission to operate on the West Chestnut street heights, or in Wilbur. A bus service was needed at those points as they were not served by trolley. The alderman for that reason moved that the council refuse the Kingston Taxi Consolidated permission to operate uptown and in the central section as proposed.

"I feel the same way as Alderman Martin," said Alderman Schick of the Third, "and I move the petition be laid on the table."

"I call for my motion," said Alderman Martin.

A vote was taken but Alderman Martin was supported only by Alderman Warren. Lemister and Myers and his motion was lost 9 to 4.

Alderman Schick's motion that it be laid on the table was then voted on and carried by a vote of 10 to 4, the three voting against it being Alderman Martin, Myers and Lemister.

After the vote had been announced Alderman Warren of the First ward said that he believed Alderman Martin was right in his contention, and that a bus line was needed more downtown than uptown.

Baniwski Claim Settled. The finance, ways and means committee reported it had settled the claim of Mrs. Mary Baniwski of No. 69 Newkirk avenue for injuries sustained in a fall on the ice at No. 73 Newkirk avenue, on December 19 at noon, for \$100. She was represented by Robert G. Groves. The report was adopted.

"Outrageous" and "Discourteous." Those were the terms used by Leo F. Herbert, manager of the Kingston Symphony Society in expressing his thoughts regarding the board of education. A communication signed by him and addressed to the council was read by City Clerk Dorenus, and was ordered filed. The council made no comment whatever on the communication, which read as follows:

"Gentlemen of the common council—In behalf of the Kingston Symphony Society and its executive committee who feel that they have been outrageously dealt with by the board of education of this city. I appeal to you, and ask for the public welfare that a repetition of such treatment by the board of education to the Kingston Symphony Society shall not again be repeated to any citizen of this community. Yours very truly, Kingston Symphony Society, by L. F. Herbert, manager."

Manager Herbert also enclosed a copy of letter, dated February 25, he had sent to the education board, and which read as follows:

"At a special meeting of the executive committee of the Kingston Symphony Society it was decided to have the writer as manager to withdraw our application with the board of education for use of the high school auditorium for the evening of March 1, and to inform the board of the sense of the meeting which is as follows: That inasmuch as the board of education has acted in a high-handed and ungentlemanly manner, and has caused through its action on last Monday evening the Symphony Society to be placed in a most embarrassing position the management of the society does not feel that it could maintain its self respect, and still make use of a hall which comes under the jurisdiction of such a discourteous body as the Kingston board of education has shown itself to be by its recent action."

Even Time Grows More Costly. A communication was read from the Western Union stating that it would have to increase the rate of \$1.25 a month to \$1.50 a month for the use of the clock it maintained in police headquarters. This advance of 25 cents the communication stated was absolutely necessary.

The communication moved Alderman Schick of the building committee to offer a resolution that the use of the clock be discontinued and also that the council discontinue paying for same. If the police department need the clock it should be under their jurisdiction and paid for by the police board.

It was adopted.

First House Bid Accepted. A communication was read from the board of health stating that it had advertised for bids for the new house and the highest bid received was from Peter B. Keller who offered \$500 for the property, which bid the board has accepted, subject to the approval of the council. The action of the health board was unanimously approved by the council.

Favor Lower Rent. Alderman Schick in a resolution called attention to the continued high cost of food and clothing, and offered a resolution that the common council do on record as favoring the

continuance of the Lever act, and that a copy of the resolution be sent to our representatives in Washington. The resolution was unanimously adopted.

Want Streets Repaired. Alderman Parish offered resolution that East Pierpont street be repaved and rolled this spring and that Any street be placed in good condition. Both were referred to the board of public works.

Alderman Lemister offered a resolution that a walk of some kind be placed on Hanratty street to Murray street and that a catch basin be built on Third avenue. Both were referred to the board of public works.

Alderman Lemister offered a resolution that a railing be placed on Hasbrouck avenue between Stuyvesant and Dubois streets, which was referred to public works board. Other matters taken up will be found elsewhere.

OUR DAILY PATTERN.

A Pleasing, Comfortable House Dress

3032. This is a good model for singham, chambray, lawn, percale, gabardine or flannelette. The sleeve, in regular style, is roomy and comfortable at the armhole and may be finished so that it can be turned up for convenience when working.

This pattern is cut in 7 sizes 34, 36, 38, 40, 42, 44 and 46 inches bust measure. Size 38 requires 5 1/2 yards

of 16 inch material. Width of dress at lower edge is about 2 yards. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or one cent or two cent stamps by The Pattern Department, The Freeman, Rondout, N. Y. Be sure to state size wanted.

Catalogue Notice. Send 10c in silver or stamps for our up-to-date spring and summer 1930 Catalogue, containing 550 designs of Ladies', Misses', and Children's Patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various, simple stitches), all valuable hints to the home dressmaker.

Proprietor on Oratory. Defines and Exemplifies the Art at Dinner in Brooklyn.

The public-speaking class of the Brooklyn Central Y. M. C. A. held its semi-annual dinner Saturday. The event was in the form of a speaking contest, each of the 50 members present making a short three-minute speech, says the Eagle. The judges were Supreme Court Justice Townsend Scudder and C. S. Dirich, secretary of the Central Branch. Prizes for the three best speakers were awarded. Many and varied were the topics chosen by the members. A few worthy of note were: "The Art of the Orator," by George Proprietor, a frequent speaker at the 125th Street Y. M. C. A., who said:

"The sword may be mighty; the pen may be mightier than the sword, but the supreme word spoken by the truly great orator is the mightiest human power known to mankind. His art is the culminating trinity of three separate and distinct arts—literary composition, oral speech, and the subtle and only art of the film-drama, pantomime. The great orator hands even above the great poet; and really is the poet in action."

The truly great orator has the God-like attribute of vision, without which, we have been told, nations perish. Such an orator has an instantaneous, long-distance, panoramic, universal-focus mind. He sees for an entire nation, feels for the nation, thinks for the nation, and what is the climax, the crest and crown of all this—he casts his white-hot thoughts, emotions and passions in the mold of eternal language, so that the nation may get relief by expressing its ideas, and feelings through his words.

That is what we do when we repeat Lincoln's immortal speech made at Gettysburg. In a way and in a high degree, the supreme orator for his purpose, combines and blends all the fine arts, the youngest and most potent of which is the art of acting.

"So, the great orator is a true actor, who conveys, not only the substance but the spirit, the very soul of great truths to his hearers in such a manner that when he will have finished and gone, he will leave rare pictures in the galleries of your

mind, haunting speech tunes in our ears, and in our hearts, pure truth and high resolves."

ALLABEN.

Allaben, March 3.—Mrs. Edward H. Dickson and daughter, Betty, of Arena, were week end guests of her parents, Mr. and Mrs. G. F. Van Keuren.

H. B. Benson of Shandaken was a guest of G. F. Van Keuren last Sunday.

John Leonard, who has been quite ill, resumed his duties at the board of water supply last week.

John Evans is confined to his home on account of illness.

Mr. and Mrs. William Riskey and son of Albany are guests of Edmund Riskey at Shandaken.

Daniel Miener, employed by Fred Osterhoudt, is quite ill, and Charles Guinick is employed by Mr. Osterhoudt in his store at Shandaken.

George Byron of Mt. Pleasant is papering some rooms for Mrs. R. F. Pearsall.

Mrs. Felix Hughes of Broad Street Hollow was an Allaben visitor Monday morning.

Mrs. Adelia F. Sherwood, widow of Joseph F. Sherwood, died at the home of her son, Jesse M. Sherwood, 114 Philadelphia avenue, West Pittston. The deceased was formerly a resident of Shandaken. The family occupied the Hill home for a long time. Mrs. Sherwood is survived by one son, Jesse Sherwood, and one daughter, Edith Sherwood. Funeral

services were held at the home of her son, Wednesday evening, February 25. The interment was in Fairview Cemetery at Port Richmond.

Dr. Sabia, of the Degnon Co., and Dr. Persons of Westkill are kept pretty busy in the vicinity of Shandaken and Allaben, caring for those who are ill.

Mrs. Peter Winne was a guest of Agnes Lafferty one afternoon last week.

The Misses Mary and Kathryn Berry of New York city are guests of their brother, John P. Berry.

Mrs. S. Whipple has returned from her visit at Walton and is now a guest of John Evans.

Mr. and Mrs. Ephraim Rowe are receiving congratulations over the arrival of a son at their home.

There was no service at the Shandaken M. E. Church last Sunday on account of the drifted roads from Shandaken to Pine Hill. We are all anticipating better weather conditions soon.

Mrs. G. F. Van Keuren and Mrs. Edward H. Dickson were guests of Mrs. Charles Clearwater last Thursday evening.

Miss Margaret Nellson of Newark, N. J., was a guest of her sister, Mrs. Joseph Yerry, last week.

Mrs. Joseph Schoonmaker of Phoenix is a guest of her sister, Mrs. William Enlist, in Broad Street Hollow.

Mrs. James Van Valkenburgh of Phoenixia is a guest of her sister, Mrs. H. Hand, in Broad Street Hollow.

Copyright 1919, New Era Features.

WHAT HAPPENED MARCH 3.

1913

Allied fleet works its way two miles further up the Dardanelles; three forts on Asiatic side are silenced; landing party from ships disperses Turkish garrison at Kumkale; Turks concentrating for defense of Constantinople. * * * British Order in Council does not establish universal embargo; leaves loopholes for German trade; cotton may be favored.

1916

Germans take Danaumout as battle for Verdun continues; French fight to regain village from dominating position; President Poincare visits battle area. * * * Senate tables Senator Gore's resolution hostile to President Wilson.

1917

German foreign secretary, Dr. Zimmermann, admits overtures to

Mexico; says acts were justified as measure of defense; Mexican Foreign Minister Aguilar denies Mexico got proposal for such alliance. * * * British advance north-west of Bapaume; gain quarter of a mile on five mile front despite stubborn resistance. * * * Russians recapture Hamadan in Persia in advance on Bagdad from the south; British approach city from the south.

1918

Russia and Germany sign peace; German advance ceases; Russians forced to cede land taken from Turks in three wars.

1919

Senator Lodge proposes resolution against the League of Nations as drafted; 37 senators sign Round Robin opposing it. * * * Lemberg under fire of Ukrainian guns; attack on city resumed; Polish garrison demands immediate help of Warsaw; Polish forces also fight Belz and northern front.

The Smaller Cars—and the World's Most Popular Tires

No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3, 30x3 1/2, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes, are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3 1/2 Goodyear Double-Cord \$2.00
Fabric, All-Weather Tread.

30x3 1/2 Goodyear Single-Cord \$1.75
Fabric, Anti-Skid Tread.

Goodyear Heavy Tourist Tubes are thick, strong tubes that outlast ordinary tubes. Why risk a good car with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in order—\$3.25 proof tag.

Old-Time Cobblers.

It used to take the old-time cobbler a day and a half, working steadily, to manufacture one pair of custom boots; and the cost was \$4, written Mark G. Carpenter, in "How the World is Changed." Suppose we go back to the days of the cobbler and see how the foot of our forefathers was made. Thomas Bond was the first shoemaker to come to Massachusetts. He arrived in the Mayflower in 1620, bringing a supply of skins with him. Others of his kind followed and they soon began making boots and shoes of American leather. At that time it was common for the cobbler to journey about from town to town, staying at each house long enough to make the boots—leaving the wife and children for the family.

Remove Impurities.

For house use an electrical device to remove water and remove all impurities, which can be operated from a light socket, has been invented.

UNIVERSAL JEWEL PRODUCTION DE LUXE

The Acid Test

In Chemistry a piece of Litmus paper is used in the acid test.

In determining professional efficiency a close study of the character of the service should be applied as the "acid test."

Such a test applied to the service rendered by William C. Kukuk who conducts The Funeral Home at No. 167 Tremper avenue will further emphasize the superiority of Kukuk Service.

You will find in making the test:

The Funeral Home—Itself. A fitting place when it is not convenient to hold a funeral from the home. It is non-sectarian. There is no extra charge.

Thoughtfulness for little things. Keeping a record of floral tributes, sending telegrams, furnishing newspaper notices and numerous other seemingly unimportant details.

Lady Assistant. The services of Mrs. Kukuk are given freely to grief stricken families. She has been a great help to many in countless ways.

Caring for the dead. Mr. Kukuk is a well trained embalmer. He does his work in such a thorough manner that the body is preserved indefinitely.

Adding to this the high grade equipment and dignity and refinement of funeral services, do you wonder that Kukuk Service has stood the "acid test?"

UNDERNOURISHED GERMAN CHILDREN

By Telegram to The Freeman.

New York, March 8.—Undernourished children in Germany, suffering from malnutrition, many of them unable to walk, will be sent to Norway and Switzerland to recuperate, the American Jewish relief committee announced today.

An initial expenditure of \$100,000 to take these children from their surroundings of misery and starvation to the healthy climates and good foods of Norway and Switzerland, has just been made by the joint distribution committee, which disburses all funds raised by the American Jewish relief committee and its allied organizations.

This is a continuation of the policy of Jewish relief work with the hungry, sickly children of eastern and central Europe, the committee having previously aided in sending several thousand children from starving Vienna to Trieste and Holland, where they will be nursed back to health in private homes. Undernourished children in Warsaw have been sent, several hundred at a time, for long vacations in the country around Warsaw, where, fed with American milk and food and allowed to play as much as they wished, they quickly regained their health.

The sending of Germany's sickly children to Norway and Switzerland will be under the direction of Dr. Julius Goldman, a noted social service expert of New York, who has just arrived in Europe as European director-general of all American Jewish relief work.

PORT EWEN.

Port Ewen, March 8.—Mr. and Mrs. Eugene Terpening, Mr. and Mrs. James McLaren, Charles Terpening, Mr. and Mrs. Edward Carpenter and Miss Mary Carpenter, all of Jersey City, attended the funeral of Mrs. Alonzo Terpening on Bayard street Sunday afternoon.

Everyone interested in the Port Ewen efficient fire department will surely be present at the dance to be held in Pythian Hall, Friday evening, March 5. Refreshments on sale. Shurtler's orchestra of Kingston will furnish music for dancing.

Rev. T. LeRoy Muir and mother who have been guests of Mr. and Mrs. William Stephenson on Green street returned to their home at Andes, N. Y., Tuesday.

Prof. R. E. Kauffman and Miss Riegel, who have been assisting at the Evangelistic meetings at New Paltz are spending a few days with Mrs. Arthur Fowler on Green street.

Arthur Fowler, Sr., is having his home wired for electric lights. Clarence Craig is doing the work.

Miss Emma Cure of Broadway, who broke her right leg above the ankle seven weeks ago, had the splints removed Monday. Miss Cure is getting along fine and will

soon be able to be about as usual. Dr. G. W. Rose is the attending physician.

Captain Lewis Munson of New York City is visiting his mother, Mrs. S. W. Perrine, and his daughter, Miss Pauline Munson, on Broadway.

Arthur Fowler of New York City spent the week end with his wife on Green street.

Miss Jennie Stephenson, who has been ill of flu at her home on Green street, resumed her position in the U. & D. R. office Monday.

Egbert E. Freer of New York City is visiting his mother, Mrs. Iona Freer, on Hamilton street.

House hunting seems to prevail in this village as so many homes in Port Ewen have been sold and the tenants are trying to find places to locate in this beautiful prospective bridge outlook village.

Miss Hazel Schweigel of Utica is visiting her parents, Mr. and Mrs. Charles Schweigel, at Oak Hill cottage.

Esopus Council, No. 42, Sons and Daughters of Liberty, will meet this evening in its rooms in Spinnecorner's Hall at 7:30 o'clock.

Mr. and Mrs. Abner Clark of Brooklyn are receiving congratulations over the arrival of a daughter at their home. Mr. and Mrs. Clark were former residents of Port Ewen.

Because of the illness of the pastor of the Methodist Church the quarterly conference will be held in the parsonage this evening.

Disappearing Lakes. It is believed that about 100 lakes in the Tyrolean Alps have subsided and disappeared within the last century.

Isn't it the Truth? Nobody wants to hear of your hard luck, and few, envy being a common trait, care to hear of your success.—Boston Transcript.

IMPRESSIVE THE GREATEST PHOTO-PLAY ON EARTH ROMANTIC

Things You Want to Know About This Great Production

It is a patriotic story of a great peace.

It is a beautiful historical pageant.

It is also a thrilling, modern story of love and adventure.

Its photography is the most beautiful you have ever seen.

Thousands of extras took part in its historical scenes.

Its Art Titles were painted by the famous artist, Frederick Pouncy Earle.

The production is one of the most costly ever made.

Doris Dorscher, the famous artist's model, plays the part of "Eve" in "The Garden of Eden" scene.

The story was written by John W. Noble, George Frederick Wheeler and Rudolph de Cordova.

YOU WILL LAUGH

YOU WILL CRY

It was directed by John W. Noble, producer of "Romeo and Juliet" and other successes.

Its music was written by Joseph Carl Briel, composer of the music for "Birth of a Nation."

Among its players are Jane Grey, star of the screen and stage; George LeGuere, Ben Hendricks and Alice Gale.

Among the great scenes are pictures of "The Flood," "The Crucifixion," "The Landing of Columbus," "The Signing of the Declaration of Independence" and of "The Emancipation Proclamation," "The Assassination of Lincoln" and "The Conference of the German War Lords."

Followed by a romantic, modern, thrilling love story which proves that men and women of today are not greatly different from their progenitors.

SEE!

"Adam and Eve" in the great temptation scene, "Noah and his Ark" and the wickedness of "Sodom" and "Gomorrah," "Pharaoh's Daughter" and "The Flight of the Israelites," "The Life and Crucifixion of Jesus of Nazareth."

FILES SHORTEST WILL IN YEARS

A petition with will has been filed with the Ulster county surrogate by Osmer M. Gregory, of Middletown, for the probate of the last will and testament of Eli A. Reynolds, deceased, late of the town of Marlborough. The will is one of the shortest ones filed in Surrogate's court in years, being on one side of a sheet of note paper. It reads as follows:

"Know ye all men by these presents that I, Eli A. Reynolds, being of sound and disposing mind, hereby give, devise and bequeath to my wife Hattie Reynolds, all of my property real and personal to be hereunto legally appointed Osmer M. Gregory my lawful executor, and hereby declare this to be my last will and testament

"Signed,
February 10, 1920, by Osmer M. Gregory and Emma Denman, W. L. Duerksen of Middletown, N. Y., is the attorney for the petitioner.

SOCIETY NOTES.

Mrs. Robert Hopper entertained at luncheon a number of friends at her home, 139 St. James street, on Monday evening, in honor of her birthday.

Miss Esther V. Robins delightfully entertained a number of her young friends at her home, 72 West O'Reilly street, on Tuesday afternoon in honor of her fifth birthday. Games were played and in the course of the afternoon dainty refreshments were served. All wished Miss Esther many more pleasant birthdays.

Monday evening, March 1, Miss Margaret Scherer was greatly surprised at the home of her sister, Mrs. Joseph Rein, 50 Adams street, when a number of her friends called to celebrate her 21st birthday. The house was beautifully decorated with flowers and palms, the color scheme being blue and pink. Supper was served promptly at 12 o'clock, which was greatly enjoyed by all present. An elaborate menu, consisting of lobster and chicken salad, oysters on the half shell, olives, nuts, candied cake and ice cream. The cream was served in forms, each guest receiving an appropriate form. Miss Scherer, a horse shoe, for future good luck. Ed Stock a "peace dove," Miss Frances Mathea, a "battleship," Ed Fox, a "bear," Miss Babe Mathea, a "kewpie," Miss Anna Mathea, a "doll," John Hartman, a "song bird," Mrs. Ed Scherer, a "baby carriage," Ed Scherer, a "Ford automobile," Fred Zoller received his cream in bulk, the form of a hard lump of "egg coal." Piano selections were rendered by the Misses Mathea, and Mrs. Ed Scherer and the young men proved that harmony was really in the air with a few touches of "jazz." Miss Babe Mathea gave a very interesting talk on the "Lutli Yellow Canary," which was greatly appreciated. She followed that by reciting "Where Are the Girls?" Miss Scherer received many beautiful and useful presents. The crowd left in the wee hours of the morning, all voting Miss Scherer a very charming hostess and wishing her many more happy birthdays.

Terwilliger-Hinkley.
Roy Terwilliger of Newburgh and Mrs. Ella Hinkley of Leibhardt in this country, were quietly united in marriage at the St. James parsonage on Tuesday afternoon. Dr. T. H. Baragwanath being the officiating clergyman. The witnesses were C. S. Preston and Mrs. T. H. Baragwanath.

D. A. H. Meeting.
All members of Wiltwyck Chapter, D. A. H., are reminded of the regular meeting of the chapter to be held at the chapter house on Thursday afternoon at 7 o'clock. The program

will be in charge of Mrs. William E. Simmons and Mrs. Ogden Wingo and the hostesses for the day will be Mrs. Kingman and Miss Edith Holmes.

Colony Bridge Club Banquet.

The Colony Bridge Club of this city enjoyed their twelfth annual banquet at the Kirkland on Tuesday evening. Covers were laid for twelve ladies. After the feast the club members repaired to the home of the president, Mrs. Hewitt Boice, on Fair street, where auction bridge was indulged in. Mrs. Boice organized the club thirteen years ago, and each year the club has continued to have delightful times each winter. Each lady received a club prize. After the games light refreshments were served.

Lowell Club.

The Lowell Club met on Tuesday of this week at the home of Mrs. Atkins. The general topic for the day

was "Southern Writers Continued." The roll call consisted of quotations from Paul Lawrence Dunbar. The paper for the day on "Sidney Lanier, his Ideals and Their Influence on his Work," was admirably given by Mrs. Baragwanath. This was followed by a sketch, "Thomas Nelson Page, his Life Career and Readings from 'Marcel Chan,'" given by Mrs. Louis B. Henton. The program closed with "Some Uncle Remus Stories," given by Mrs. Wonderly. Next week the club will meet with Mrs. Steiner, at the home of Mrs. Chris Wingo on Main street.

All Scouts Interested in Exhibit.

There is an interesting exhibit to be seen in the window of the Boy Scout office of the executive at 243 Fair street; one that has the boys of this city much excited. There one sees a small log cabin, with a pelt drying on the roof, and of course an American flag flying. Woods sur-

round the cabin and in the back ground to the left is the Scout shield and emblem with the motto, "Be Prepared." To the left of the wooden scene is a big panel showing every sort of Scout insignia, which, while undecipherable to the uninitiated, means a great deal to the ambitious Scouts of the city and county. There is also to be seen a circular, the chief message of which reads, "Would Washington Have Stayed A Tenderfoot?" It certainly is an inspiring exhibit. For the past two days Executive Muhlenmann has been at Wallkill, New Paltz, etc., in the interest of the Scout movement.

Explanation of Dreams.

To see a funeral, a coffin or a corpse in one's dreams generally portends a illness, death, or some grave mistake. If the dream is rather vague and hazy, it may often be regarded as a sign of birth or a marriage.

SOME FRIENDS OF ALDERMEN NEEDED JOBS

So Were Paid \$12 a Day for Throwing Few Shovels of Coal on Fire in Polling Places, is Theory of Aldermen. He Suggested City Owning Own Polling Place—A Hot Discussion.

Alderman Purvis, chairman of the election committee, in a report to the common council Tuesday evening, called attention to the fact that the spring primary would be held in Kingston on April 6, and that the polls would be open from 7 o'clock in the morning until 9 o'clock at night that day, and that the polls would be located in the usual places.

Macdonald Starts Ball Rolling. Alderman Macdonald, of the Ninth ward, started the ball rolling in what proved the most interesting discussion that has come before the council this year when he wanted to know what became of the guard rails and why was it required for the city to pay for new guard rails each year. He said that it looked as though the men who take down the booths at the close of the polling must also remove the guard rails, and as they never showed up again they must have been used for fire wood.

"That is up to each alderman," explained City Clerk Doremus. "Rather Expensive Fires," said Roosa.

"I am glad this matter was brought up," said Alderman Roosa of the Second ward, "for it is a matter we should thresh out now." The alderman said that last year one bill for \$12 had been presented for having a man to stay at the polls and keep the fires burning. "It was all right to keep the fire burning, but that was rather expensive," said he. He said that last year some electric bills had been held up, and it has caused some hard feelings.

"There was \$200 we spent in the Ninth ward, and in two other polls we spent \$12 for a man to remain at the polls and throw a few shovels of coal on the fire."

He believed that the inspectors were paid enough to look after the fires, and it would not interfere with their duties to put a little coal on the fire now and then instead of having the city pay \$12 for that service.

Electric Light Bulbs Missing. Alderman Roosa, as he proceeded began to warm up, and called attention to the fact that last year there had been one bill for \$30 or more for electric lights that had been taken away from the polls at the close of the day, but that bill had never been audited.

"I believe it is up to each alderman to see that he is not overcharged," remarked Presiding Officer Dittus.

"I don't agree with you," replied Alderman Roosa. "For some of the aldermen thought the bills presented last year were all right and should be paid. They may have had some friend who wanted a job," he added.

Paying Inspectors Enough. "We are paying the inspectors enough," continued Alderman Roosa, "and if we have to pay them to take these electric lights I think it about time they paid for their own electric light bulbs."

"I agree with Alderman Roosa," said Alderman Martin, "and think there should be some economy." "It is up to the alderman not to let an inspector put a bulb in his pocket and walk away with it," said Alderman Roosa.

Little Expense in Third. Alderman Schick were took a hand in the discussion and said that in the Third ward there was but little expense in getting the polls ready, as he had always seen to it that the guard rails had been safely taken care of.

Mayor Thought It Misunderstanding. Mayor Canfield, who had been following the discussion closely, said that he believed it was due more to a misunderstanding on the part of some of the aldermen last year who might not have known just what their duties in regard to getting polling places ready were. The mayor said that if an alderman has absolute control in his own ward over the polling place.

Many Polling Places in Engine Houses.

Alderman Kullman of the Eighth ward said that it was a fact that many of the polling places were held in engine houses. "The one in his ward was, and he still had possession of the electric light bulbs used."

"How about letting the superintendent of the board of public works see to the lights?" suggested Alderman Martin.

Own Own Polling Places. "I suggest that the city take into consideration the building of their own polling places instead of hiring them," said Alderman Roosa. He said that the city paid from \$24 to \$40, and in one case last year \$56 for one polling place. This money could be saved by putting up knock-down buildings and after election they could be taken down and stored in the barnyard on Delaware avenue.

"We would not have to build so many," continued the alderman from the Second. "For we are now using many of our engine houses for polling places, and by owning our own polling places it would save the city quite a few hundred dollars."

Should Consider Matter. Alderman Schick said that between now and the fall election the

aldermen could find some way to overcome the matter of the high cost of polling places.

"Let's do it now," said Alderman Roosa. "Now is the time for each alderman to think the matter over."

"Get Tents," said Myers.

"Let's get tents," suggested Alderman Myers of the Eleventh ward with a smile.

"You may talk tents but this matter needs a-tention," replied Alderman Roosa without a smile.

Kirchner Wanted Price. "I need a new guard rail in my ward, the Seventh, and what will it cost me?" asked Alderman Kirchner of Alderman Roosa.

"It depends on the number of feet of rail needed," replied the alderman from the Second.

"How Many Need Them?"

"How many aldermen need new guard rails?" asked Alderman Martin at this point.

"I need one," replied Alderman Kirchner.

"And I got to see what became of that \$200 in my ward," chimed in Alderman Macdonald of the Ninth ward.

Our guard rail never leaves the engine house," said Alderman Purvis of the Thirteenth ward.

Need Ten Polling Places.

Mayor Canfield called attention to the fact that eight of the polling places were now in the city engine houses, one in the city hall, and one in the municipal building. That left ten that have to be obtained. Some wards have no trouble in obtaining a suitable polling place, but in other wards it sometimes proved a difficult matter said the mayor.

The mayor said that if the council had not confidence in its own members it could not expect the people to have confidence in the council. He said that it was too late to consider the matter for the spring primary, which meant that the aldermen would just have to use ordinary intelligence.

The mayor believes that the alderman mentioned in regard to the \$200 bill had a verbal agreement with the owner of the building that it would be used for a number of years as polling place, and that was the reason for the large initial expense in getting it ready.

Wired in Steel Conduits.

"I rise for a point of information," said Alderman Roosa as the mayor closed, "and that is, is it necessary to place electric wires in a steel conduit as was done in this one polling place in the Ninth ward last year."

The belief was expressed that it was unless permission could be obtained from the fire chief to wire it otherwise. Under the fire law all wires had to be placed in a conduit.

Myers's Motion.

"I move that this discussion be closed," said Alderman Myers, glancing at the clock. "and that each alderman have full control over the polling place in their ward."

"That motion is out of order," interrupted Alderman Schick, "for the aldermen already have that power." Alderman Myers withdrew his motion, and the session proceeded more calmly on its way. Other matters taken up will be found elsewhere.

DAY CALENDAR FOR THURSDAY

Before supreme court adjourned Tuesday noon a day calendar was made up for Thursday morning at 10 o'clock when court will convene. The following cases were placed up on the day calendar:

No. 2—The People of the State of New York against J. A. Addis and others. An action to recover penalty for taking undersize trout. Attorney Bates for the plaintiff and Brinnier, Canfield and Brinnier for defendant.

No. 100—James E. Sneed against Emma Preuss, an action to recover on contract. Henry Klein for plaintiff and Herbert B. Royce for defendant.

No. 83—Jacob Johnson against James M. Bolton, an action for negligence. M. O. Auchmoody for plaintiff and Almy Van Gordon and Evans for defendant.

MANURE LOSS

Greatest in Spring When Warm Rains Come.

The loss from exposed manure is not great during severe winter weather, but with the coming of spring thaws, particularly when accompanied with spring rains, the value of the ammonia and potash may be lessened as much as a dollar a ton within a few days, experiments have shown.

For spring seeded grasses, manure will necessarily have to be depended upon largely for economically supplementing the soil supply of nitrogen and potash. In the opinion of the state college of agriculture at Ithaca, N. Y. The full value of manure in this respect should be realized by the return of manure with a minimum of loss, which means, of course, the early application of the manure.

For maximum profit in crop production, the manure should either be reinforced with some standard phosphate fertilizing material at the rate of 25 to 30 pounds to the ton, or its application accompanied by that of 200 pounds of acid phosphate or steamed bone-meal.

A ton of average mixed manure contains twelve pounds of ammonia, ten pounds of phosphoric acid and ten pounds of potash. In plant food, it is equivalent to 100 pounds of a 12-3-10 fertilizer. When reinforced with 100 pounds of acid phosphate, or 50 pounds of rock phosphate, it is equivalent, in plant-food content, to 200 pounds of a 6-10-2 mixture.

The nitrogen would have a value of \$2.50 if purchased as nitrate of soda or sulphate of ammonia at present delivered prices. When purchased in the form of a 12-3-10 mixture, an equivalent amount of nitrogen or ammonia would cost about \$4.00. Based on estimate at \$1.25 the phosphoric content of a ton of fresh manure has a value of \$1.25. It contained in a 12-3-10 mixed fertilizer this would be increased to over \$4.

Sure Relief

TESTIMONIAL TO JOHN M. LEIPOLD

Popular Musician Presented With Box of Gold at Farewell Party Attended by 250 and Featured by Big Orchestra—Goes to Poughkeepsie.

A little reception and farewell party for John M. Leipold engineered by some of his friends led by Dr. John R. Gillett Tuesday evening became known to so many other friends that it turned out to be a striking tribute to the man and the earnest efforts he has made for the advancement of music in the community.

Mr. Leipold goes to Poughkeepsie within the next few days to accept a position with the Collingwood Theater Orchestra, with the promise of becoming conductor of either that or the Liberty Theater orchestra in the near future.

Coming here but two years ago, Mr. Leipold quickly became prominent in musical circles and his departure is a source of regret, especially so to the band he had organized, giving much of his time and standing in very friendly relation to its members. This band, made up largely of members of Roundout Commandery, Knights Templar, together with a part of the Masonic Orchestra of Lodge No. 10, about 25 pieces in all, rendered a program during the evening in the rooms of Roundout Lodge, No. 243, E. & A. M., and later played for the dancing which followed the serving of a buffet lunch.

About 250 were present, with the ladies in the majority. The concert consisted of selections by the band, a violin solo by Miss Florence Gillett, cornet solo, Everett Roosa; trombone sextet, arranged by Mr. Leipold and played by Messrs. Gillett, Burhans, Stitzel, Kelly, Giles and Leipold, and a cello solo by Miss Charlotte Gillett. All the numbers were liberally applauded and the soloists were compelled to give encores.

To Henry Terpening had been delegated the duties of master of ceremonies but he thought he knew a better man for the job and drafted Thomas Comerford, the genial editor, to substitute for him. Mr. Comerford came up to expectations—in fact he did so well that Mr. Leipold in replying to his tribute said that he was at a loss to know how to reply to a man with such a gift of gab.

Mr. Comerford extolled highly the qualities of courtesy, integrity and the ardent love of music which had won the musician so many warm friendships during his comparatively brief stay here and said that he had done more towards instilling a love and knowledge of music in the hearts of his hearers than many realized. His work in developing the band, which has now become very proficient, will be continued and will be a source of inspiration to his successors. The Masonic band, said Mr. Comerford, desired to express its appreciation in concrete form and through him now presented to Mr. Leipold a box of gold with the request that he buy something which would cause him to recall the friends he leaves in Kingston—more in number than he realizes.

In reply, Mr. Leipold said that while he felt grateful for the purse and it was entirely unexpected, he valued still more the friendship of the musicians and solid business men of the city which he felt he possessed.

Henry Terpening, called on for a few remarks, invited the members of Mr. Leipold's band to rehearsal of the new band which is being formed, in which he is one of the leading spirits, and which, with about 30 members, is expected to shortly blossom forth as one of the premier musical organizations of this district.

A buffet luncheon was then served, following which dancing was enjoyed. The members of the band which furnished a great part of the evening's entertainment were: J. M. Leipold, Fred Fährick, Monty Burhans, Fred Powell, Harry Stitzel, Harry McKinley, William Kelly, E. Rne, Alex Plough, J. M. DuBois, John Ennied, Frank Doyle, H. Terpening, Herman Roosa, Joseph Burhans, Robert Gunnar, H. Dowell, Ed Swart, Frank Giles, Dr. Gillett.

MT. TREMPER

Mr. Tremper, March 2.—The ladies met at the hall last Wednesday afternoon to make plans for the fair which will be held during the summer.

Miss Ethel Stevenson of New York city is spending a few days with her aunt and uncle, Mr. and Mrs. John Davidson.

Miss Hannah Randall spent Thursday with Mrs. Norman Wilber. The Misses Rieley and brother, Lewis Rieley spent last Wednesday evening with the Misses Randall.

The funeral of Fred Traubman was held at the Reformed Church last Thursday afternoon. Interment in Hutter cemetery. His wife, Mrs. Traubman is in very feeble health.

James Riey was called to Poughkeepsie on account of his daughter, Edna being taken ill suddenly. She is at Vander Hospital. Her many friends hope for her speedy recovery.

Miss Mildred Lane is home from Poughkeepsie, recuperating from the influenza.

Mrs. Sherman Lockwood called on Mrs. N. D. Wilber, Saturday afternoon.

Mrs. Grace Randall and daughter
